COZY CIRCLE

PRESENTED BY:

KENT PUTRA LAMIRAN | GEOFFREY GOHTAMA | WESLEY COA |
BENEDICTUS ALONSO H.S. | AURELIA SASKIA

INTRODUCTION

This project is a hobby-specific forum platform where users can create, read, update, and delete (CRUD) content. The system allows registered users to create a dedicated thread about their hobby, to which other users can reply. The core functionality is similar to Twitter's threaded conversations but is purpose built for focused, long form discussions around specific hobbies and interests.

SDG 17: Partnerships for the goals

Our project supports SDG 17 (Partnerships for the Goals) by providing a digital platform that encourages collaboration and knowledge-sharing among people with diverse hobbies and interests.

CozyCircle enables users to connect, exchange ideas, and build communities, showing the importance of partnerships and use of digital spaces in achieving SDG.
